Contact Me

After OTC I will pursue a bachelor’s degree in computer science at Missouri State University where I will graduate in 2028.

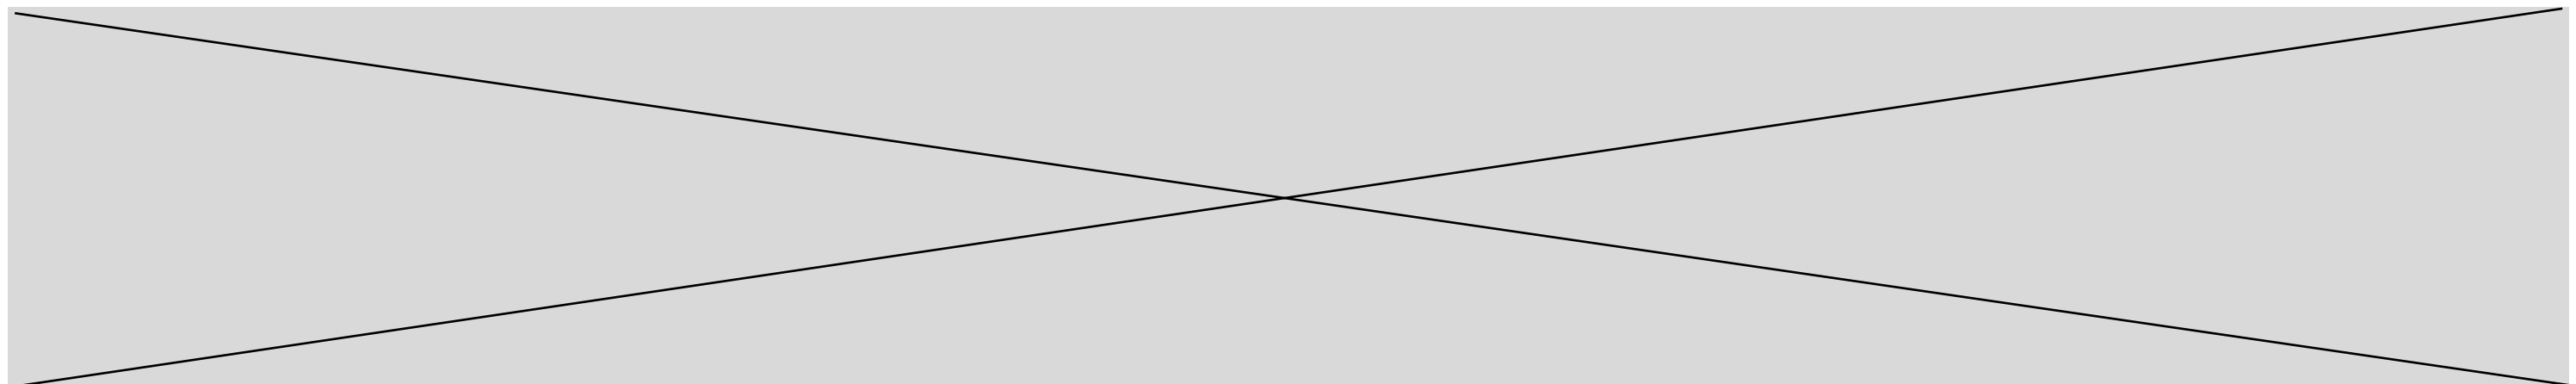

[Home](#)[Portfolio](#)[Education](#)[Contact Me](#)

My name is Brittany Bennington and I am a web developer. My family and I are nestled in the small town of Buffalo. Our household consists of myself, my husband, two kids and two large dogs.

I enjoy video games, tv shows, crafting projects, cosplay, hunting and fishing. My favorite times are playing games with my family, or crawling in my bed and watching Star Trek.

I have worked on some small web development projects, prominently in WordPress, as an independent contractor. That was 10 years ago and I am ready to get back into it.

Ideally I'd love to be apart of a small company or work as a small business owner.
